### BEST ADVICE?

Learn something new.

### BEST PART OF THE JOB?

I can't believe a Golf Course is my office where I get to work with a great teams and friends that transform our property every year into something that every golfer enjoys. Truly grateful to be working with peers that IMO are the hardest working individual I know, the golf season is extremely busy time, but every Turfgrass manager I know will take time out of their busy schedule and help another Superintendent, without question. No other industry does that.
