### Brief Overview of Your Course

\*  
Bigwin Island is a private golf course designed by Doug Carrick, located in Muskoka, Ontario. It's a true island course, accessible only by boat or barge, and offers stunning views of Lake of Bays. Bigwin is also home to what might be Canada's most up close and personal deer population, making for a truly unique golfing and work experience.

### Best Advice

Set clear boundaries. You're committed to doing what it takes for the turf, but not at the expense of your health or family. Life is short, so it's important to find balance.

### Time at Course & Past Positions

I'm currently in my fifth season at Bigwin Island, serving my third year as Superintendent after spending two years as the Assistant Superintendent. My journey in golf course management began years ago, including an earlier stint at Bigwin during my younger years. My passion for turf management deepened during my time at The Ladies' Golf Club of Toronto, where I spent four years as the Second Assistant.

### Best Part of the Job

The crew. I'm incredibly fortunate to work alongside some amazing individuals who share a common goal: to make the golf course a little better each day. Watching team members develop new skills and grow in confidence is one of the most rewarding aspects of the job.
