### Best Advice & Quote that keeps you going?

Identify your top 3 to 4 priorities, keeping them simple and clear. My priorities are: 1. Myself, 2. My family, 3. My job. By focusing on my well-being, I can devote more energy to my family and my work. When you align your priorities in this way, you are better positioned to help others grow and succeed, both at home and at work.

“ There is no reason not to follow your heart.” – Steve Jobs
