

IMPROVE LIFE.

For Immediate Release

### **31<sup>st</sup> Annual Virtual Ontario Turfgrass Symposium**

GUELPH, Ont. – The live virtual Ontario Turfgrass Symposium (OTS) offers delegates live sessions scheduled on Wednesday and Thursday, February 23 and 24, 2022. Session recordings can be viewed the following month.

Focusing on the turf topics specific to golf, sports and recreation turf, lawn care, and nursery sod production, turf managers may attend live sessions, including question and answer sessions.

Sessions specific to golf managers include:

- Using Design as a Management Best Practice – Graham Cooke, Northern Golf Design;
- Features & Benefits of Audubon International Certification – Frank LaVardera, Audubon International;
- BioTitan, a Bioinsecticide to the Rescue in Turfgrass – Catherine Bracquemont, Anatic Bioprotection

OTS has been awarded continuing education credits from the IPM Council of Canada, Ontario recreation Facilities Association, Canadian Golf Course Superintendents Association, and Golf Course Superintendents Association of America.

#### **About the University of Guelph**

Research-intensive and learner-centered, University of Guelph (U of G) campuses span urban hubs and rural communities. U of G is known for excellence in the arts and sciences, and commitment to developing exceptional thinkers and engaged citizens. It has nearly 28,000 undergraduate and graduate students at our campuses in Guelph, Toronto and Ridgetown, including 1,200 international students from more than 100 countries. Known for its beautiful, safe campuses and welcoming, supportive culture, U of G blends historical and modern architecture with cutting-edge technology.
