2025-26 PLANT FOOD REWARDS PROGRAM

Ordering time period: September 1, 2025 - February 28, 2026.

For every 100 gallons of Plant Food Product ordered; receive 1 point.
Points can be combined towards any rewards.

Rewards:

- 1 Point – Under Armour Fleece® Storm Hoodie
- 2 Points – Adidas Hooded Anorak Jacket
- 3 Points – Under Armour LW Insulated Jacket

Example: Purchase 700 Gallons – Receive 7 points that can be used towards 2 Adidas jackets and 1 Under Armour hoodie.

*For Plant Food dry product, 10lbs = 1 gallon
*For Plant Food Pellet A Plus product, 1 case of 12 = 0.75 gallons

Customers may mix and match any rewards. No limit per customer.

PESTICIDE & FERTILIZER CONTAINER RECYCLING

BRETTYOUNG & CLEANFARMS PARTNERSHIP

BrettYoung is proud to be a Cleanfarms partner. You can take your clean, empty chemical and liquid fertilizer containers purchased through BrettYoung to collection sites at no charge to have them recycled in a safe and effective manner.

WHO: Cleanfarms – A not-for-profit industry stewardship organization best known for its empty container recycling program and obsolete pesticide collection campaign.

WHAT: All empty jugs under 23L should be rinsed, caps and secondary booklets removed, and put in collection bags. Collections bags are available from your BrettYoung Regional Account Manager. Totes and Drums should be rinsed when possible, or ensure less than 1” of product remains and all bungs and enclosures are in place when rinsing is not possible.

WHERE: See the online map for multiple drop-off locations in every province:

Jugs up to 23L - <https://cleanfarms.ca/materials/containers-up-to-23l/>

Totes and Drums - <https://cleanfarms.ca/materials/totes-drums/>

WHEN: Check your local drop off locations for their hours of operation. Some facilities only collect totes and drums between May 1 - October 31.

WHY: We believe in the importance of a safe recycling option for our customers and want them to be able to deal with all liquid packaging in an effective, efficient manner. The plastic is recycled into low human contact products like farm drainage tile and plastic shipping pallets.

Redox TurfRx® Canada Fall Promo!

Every \$1 spent between Sep 1, 2025 – Feb 28, 2026 = **1 point!**

1 dollar = 1 point. Participants will receive a points summary and a selection of reward options to choose from. If applicable, point totals can be redeemed for multiple items.

ie. 10,000 points would be able to redeem a travel mug and a jacket.
All points must be redeemed by April 30, 2026 — no rollovers.

EQUIPMENT

BUNKER LINERS

FLEXX
YOUR
BUNKER

Golfers demand consistency from bunkers, but constant washouts challenged Joel Henderson, Superintendent at Sarnia Golf & Curling Club. After seeing positive results at a course nearby, he turned to Flexxcape™.

Made of a synthetic, non-degradable PVC material, Flexxcape is designed to outperform hardscapes. With a porous texture, one-time installation, and minimal upkeep, it provides unrivalled protection from washouts and contamination.

After installation, Henderson's course experienced over 60mm of rain and the bunkers remained perfect, except for slight re-raking. Over the entire season there were zero washouts, a happier membership, a lighter workload and above all else, a permanent solution.

READ THE FULL FLEXXCAPE
CASE STUDY HERE.

Contact your local BrettYoung Representative today to learn more about Flexxcape. 1-800-665-5015 | BrettYoung.ca

SEED

MAKE EVERY PRILL COUNT.

WANT THE BEST FOR YOUR TURF?
TRUST TRU-PRILL®

BrettYoung’s exclusive lineup of Tru-prill® homogenous granular fertilizers are trusted by superintendents globally to deliver industry-leading input efficiency for your greens, tees and low-cut fairways.

With dispersible granular technology delivering multiple slow-release nitrogen sources and a complete nutrient package, Tru-prill® can give your turf full nutrient coverage—even at low rates.

Just turn the water on and watch Tru-prill® go to work.
