PESTICIDE & FERTILIZER CONTAINER RECYCLING

BRETTYOUNG & CLEANFARMS PARTNERSHIP

BrettYoung is proud to be a Cleanfarms partner. You can take your clean, empty chemical and liquid fertilizer containers purchased through BrettYoung to collection sites at no charge to have them recycled in a safe and effective manner.

WHO: Cleanfarms – A not-for-profit industry stewardship organization best known for its empty container recycling program and obsolete pesticide collection campaign.

WHAT: All empty jugs under 23L should be rinsed, caps and secondary booklets removed, and put in collection bags. Collections bags are available from your BrettYoung Regional Account Manager. Totes and Drums should be rinsed when possible, or ensure less than 1” of product remains and all bungs and enclosures are in place when rinsing is not possible.

WHERE: See the online map for multiple drop-off locations in every province:

Jugs up to 23L - <https://cleanfarms.ca/materials/containers-up-to-23l/>

Totes and Drums - <https://cleanfarms.ca/materials/totes-drums/>

WHEN: Check your local drop off locations for their hours of operation. Some facilities only collect totes and drums between May 1 - October 31.

WHY: We believe in the importance of a safe recycling option for our customers and want them to be able to deal with all liquid packaging in an effective, efficient manner. The plastic is recycled into low human contact products like farm drainage tile and plastic shipping pallets.

ABOUT BRETTYOUNG PTR

Formed in 2003, the Professional Turf & Reclamation (PTR) business has seen incredible growth and evolution over its history.

What started with a small portfolio and footprint in the Prairie provinces, has grown to be the only Professional Turf company covering Ontario to British Columbia, with an incredibly diverse and innovative product offering.

OUR PRODUCTS – Whether you are a Golf Course Superintendent, Sod Farm Owner, Grounds Manager or Reclamation Specialist, BrettYoung has the products and support to help you be successful. Our products provide leading-edge solutions for all your turf or native grass needs.

OUR RECOMMENDATIONS – Our Sales team is dedicated to understanding your preferences and exceeding your expectations. From helping you interpret your soil test information, to building your fertility program, or specifications on new seeding, we are here to help. We have a tremendous support network with our dedicated partners in seed, fertilizer and erosion control. If we don't have the answer, we know who does.

OUR SERVICE – We have six locations across Canada with great support staff in place; we make sure your product needs are covered. No matter where you are located there's a BrettYoung representative and facility near you.

Thank you for taking the time to learn more about BrettYoung. We appreciate the opportunity to earn your business. We look forward to seeing how we can help make you successful.
