CPGA Professional: Bill Keating

Club Manager: Greg Richardson,CCM

Club Owner: private equity

Chef: Andre Bergeron

Clubhouse Manager: Laurie O'brien

Current Course Projects:

Complemented by towering pines, majestic views of the Ottawa River and the Gatineau Hills, Camelot truly is a great test of golf and a wonderful place to call home. Camelot has earned a reputation as one of Canada's top courses. Most recently Camelot was ranked **36th in Canadian Golf Magazine** and previously ranked **63rd in SCOREGolf's Top 100 Courses** in Canada listing, which is the **highest ranking for any golf course in Eastern Ontario**. Similarly Camelot was voted **Top Golf Course in Ottawa in 2015** through a reader's poll by **FACES Magazine**. The accolades have been part of our story right from the beginning however, as we were awarded **2nd best new golf course in Canada** and rated **5th in North America** by **Golf Digest in 1992**.

Camelot Golf & Country Club is consistently one of the best conditioned courses in the region with bent grass greens, fairways and tees surrounded by immaculately kept bluegrass and even longer fescue and native grasses. Camelot's golf course was designed by the renowned Canadian golf course architect, **Thomas McBroom**. With a course rating of 74.2 and slope of 139 from the back tees, the course has exceptional shot value, playability, design balance, memorability and aesthetics. *"Camelot is really a combination of two characteristics. It's links-style up in the meadowland where the holes are defined by the fescue roughs. The rest is situated in woodsy parkland. It's a great contrast."* states McBroom.
